

City of Chula Vista and Youth Sports Council

Teaming Up to Serve Chula Vista

Improvement Needs Identified:

- Bare areas in fields
- Rabbit damage
- Compacted Soil
- Damaged playing fields

Taking on the tasks...

YSC

- Delivered dirt for each project
- Hired equipment operator
- Scraped affected areas and dug up clump grass as needed
- Graded new top soil
- Seeding and top dressing of bare areas
- Signage and caution tape

City Staff:

- Flagged/checked irrigation each morning
- Disposal of trash/debris remaining from renovation
- Supervised work performed by volunteers and hired contractors
- Rabbit Control
- Quarterly field inspections and condition reports
- Field preparation for sod installation
- Harvesting of sod from existing City projects

Partnership Benefits

- Complete renovation of affected areas
- Improved field conditions (seeding / sod)
- Preservation and enhancement of City parks
- Improved field availability for YSC programs/activities
- On-Going rodent control and field inspections
- Irrigation improvements (Harvest Park)
- Funding of approximately \$84k
- YSC task-specific sweat equity

Terra Nova Park After Renovation

Orange Avenue Bike Lane Improvement Project

Sod and Soil

Voyager Park Sod

City Staff saw the opportunity to claim sod that was being removed .
Orange Avenue Bike Lane Improvements Project:
Staff selected Voyager Park knowing that the smaller kids could still
continue to play in between the renovated area.

Field Management Report

- Quarterly condition assessments
- Fertilization history
- Allocation overview
- City staff comments and notes

Chula Vista Community Park

1060 Eastlake Pkwy
